

“Lego Rock Raiders is simple to play, but offers increasing layers of complexity and challenge as the game goes on. This makes this title an excellent segue into mainstream strategy titles.”

*“Lego Rock Raiders offers delicious complexity under the façade of a kid's game. Despite a few quirks and problems the game is a blast. While it won't appeal to everyone, *Lego Rock Raiders* is perfect for Lego maniacs young and old!”*

“Lego RR is incredibly easy to get into.”

PC GAMER

“LEGO Rock Raiders is a real-time strategy game that sounds good and looks great. “

GAME SPOT REVIEW (Andrew Seyoon Park)

“The special effects are also well above average: the landslides look terrific; the transporters do their work with real style; and watching ice monsters prepare a snowball is a real kick.”
